Please attach a brief typed rationale describing how the activity for which you are requesting funding will "enhance the educational environment of the College," and why AAC should fund the activity.

Writing a rationale gives your organization the opportunity to make the best possible case for its funding request; therefore, it is a good idea to include as much information as possible in the rationale.

Minimally, you should provide

- A description of the conference,
- Other sources of funding for the conference,
- The amount of money your organization currently has, and where it is deposited,
- The number of students that are attending the event.

Also, attach brochures or any additional pertinent information about the conference and include the names, class year, and academic major of each student that will be attending the conference.

Contact your AAC representative or Chairperson of AAC, saaac@geneseo.edu if you have additional questions, or concerns.
