#### RTS LIVINGSTON

\*Paul motions to suspend Robert's Rules of Order and Billy seconds it. The motion Passes 7-0-0

Bonnie McGuire and Kelly Fitzpatrick

They currently have 19 busses in Livingston County, most of which service the campus. They have 24 employees who love to work here on campus. They have 4 customer satisfaction surveys that they do on the bus. There is GPS on all the busses so they know where they are at all times. They have a mobile app that gives people the power to see where the nearest stop is and exactly where the bus is on the street. They encourage freshman to download this so they get comfortable with the system. This year they rebranded themselves. The new busses that will be coming in January will be brightly colored and will now be called "RTS Livingston". Bus drivers have new uniforms as well. Last year people requested that they make changes in service so they did! They have had a 17% increase in riding to Letchworth this year. They added another timeframe in the mornings and on the weekend. The increase in those times is off the chart. Students are really taking advantage of this service. They have also provided additional shuttle services to the train station, bus station, and airport and numbers to each location have increased with the additional times. If anyone has any other comments, please let them know! Billy asks about what sustainable practices they utilize. Bonnie says they are looking into using all clean diesel for their buses and have found it is easier for them. Also, the RTS office in Rochester is looking into some hybrid busses for the future. Mock Trial says he is a frequent user of the Eastview service. He says they are usually very crowded and asks if they have thought about increasing it. She says they will go back and look into the numbers and possible suggest a second route. Nicolette says she has received feedback that the app is confusing to use, so she inquires about any training services. Bonnie says they have tried to have a table in the Union before. Amelia suggests placing a power point in an email to the campus. Buddy says he is not familiar with the app but he is wondering if it has real-time info for the busses and if it is available online. Bonnie says the app is real time, but the website is not. Paul asks if they have the stop times at the actual bus stops. Kelly says they have the stop number and the "where's my bus" information. They will give you the next 3 times that the bus will come to that location. They have changed the format of the paper schedules and asks if people use them. The crowd responds that everyone just usually googles the schedule. Buddy says he has found the "where's my bus" service to be inaccurate and unreliable at times and appreciates the paper schedule.

Tomorrow they are meeting with the catering manager to finalize the menu. It is Thai-styled chicken skewers with peanut dipping sauce, grilled polenta squares with olive tapenade, homemade corndogs, cheese gourds, and homemade potato chips. Harry opens the floor to questions. Kevin asks if there will be any vegan options. He replies yes-vegan, vegetarian, and gluten free options. Harry opens the floor to discussion. Billy suggests they use the updated SA logo for the flyer—it is on the website.

*Second of Two Readings Passes 6-0-1 with Paul abstaining*

137-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE allocate up to \$1,268.69 from SA Programs: Conferences, Account 1002 to Swing Dance Club, Account 1605, to provide funding to attend the DCLX Swing dance Festival in Washington DC from 4/24 to 4/25.

They are now taking 13 people in total. They are now renting three cars instead of using one student car. The new cost of the trip is \$1,268.69. Harry opens the floor to questions. Billy asks if they are all set to stay with hosting dancers. She says yes- they got the application in on-time. Harry opens the floor to discussion. Billy says see Kate if the reading passes. Tushara motions to amend the dollar amount of the reading. There are no questions on the motion. Billy tells Kate he will get her the calculations for that total. The motion passes 7-0-0.

*Second of Two Readings Passes 7-0-0*

138-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE allocate up to \$150.00 from Budget Increases, Account 1099 to Account 1002 to create a new line for S.E.E. Diversity to provide a budget for the 2014-2015 academic year.

### New Business

139-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE allow GAGG, Account 1922, to fundraise approximately \$100.00 through their Smash Bros Amiibo Fundraiser on 4/25.

The minicon next weekend is Smash Brothers tournament and Amiibo. The money is being donated to the Breast Cancer Research Foundation. It runs from 2:30PM-4:00PM in the Fireside Lounge. Harry opens the floor to questions. Buddy asks what versions they will have. Anton says mele and the new one. Harry opens the floor to discussion. Bella says it is really cool they are doing this “Women in Gaming” and that they are doing safe zone training.  
*First and Only Reading Passes 7-0-0*

140-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE allow Pride, Account 1906, to fundraise approximately \$2000.00 through their Pride Night: Shakesqueer event on 4/25.

Their theme is exactly what it sounds like. There will be a play, food, and dancing. Harry opens the floor to questions. Mock Trial asks where the “Shakespeare” aspect comes in. They say they are taking Shakespeare characters and making it around current LGBTQ+ issues. Kate and Patty are confused about the amount raised. Billy says they have \$1630 in total in the raising but they have more than that set aside in their budget but he included both in the reading. Bella says they also haven’t taken into account posters and other such things yet. Nicolette asks about the educational value of using “queer”. Bella says they talk about this a lot in the club and have just decided to accept it. Harry opens the floor to discussion. Kevin says it is appropriate for them to use the word because it is in relation to themselves and it is appropriate for them to take back the word.  
*First and Only Reading Passes 7-0-0*

141-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE allow Pride, Account 1906, to fundraise approximately \$72.50 through their Pride Swag Sale from 4/20-4/24.

They will be doing a t-shirt cutting, pins, and patches fundraiser. An e-board member will be teaching the others how to make the designs and there will be a book of designs to choose from. They will collect all of the shirts and cut them accordingly, so there is no cost involved. Harry opens the floor to questions. Kate asks if it is for their budget and Bella says yes. Harry opens the floor to discussion. Quidditch says be careful ordering things so close to the end of the year because sometimes they do not come in in time.  
*First and Only Reading Passes 7-0-0*

142-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE allow KASA, Account 1911, to fundraise approximately \$1,400.00 through their K-Night “The King Within” program on 4/18.

They have started selling tickets yesterday and today and will be continuing to sell them all week. They have a CAS grant for the food and will be having Korean food. If they sell out all the tickets, they anticipate bringing in \$1400.00. Harry opens the floor to questions but there is none. Harry opens the floor to discussion. Billy says let the e-board know next year that they need to get the fundraising reading in before selling tickets.  
*First and Only Reading 6-0-1 with Gina abstaining*

143-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE approve the budget realignment request for IRC, Account 1201, to move \$109.86 from Line 10:Supplies for Regionals and Minis’ conferences and \$300 from Line 20:Bid Costs to Line 60: Conferences-Nationals.

They have some money left in line 10 and line 20 that were for conferences that have already passed. They would like to realign this money to another line because their current conference is in North Dakota and the tickets are expensive. There are no questions or discussion.  
*First and Only Reading 5-0-2 with Caroline and Gina abstaining.*

144-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE approve the Permanent Equipment Surplus Request of SA Tech, Account 1004 to surplus one Fender Passport Portable System.  
No one showed up for the reading so it fails.  
*First and Only Reading fails 0-7-0*

145-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE approve the Permanent Equipment Surplus Request of SA Tech, Account 1004 to surplus the American DJ Galactic Star.  
No one showed up for the reading so it fails.

*First and Only Reading fails 0-7-0*

146-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE allocate up to \$490.32 from Permanent Equipment, Account 2000 to SA Tech, Acct 1004, to purchase one, Leviton-NS1 IF 501 Contoller.

No one showed up for the reading so it fails.

*First of Two Readings fails 0-7-0*

147-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE approve the changes to the Activities Commission Bylaws and BE IT FURTHER RESOLVED these changes, if approved, go into effect on June 1, 2015.

Activities Commission is changing their name to Geneseo Campus Activities Board because "CAB" is more common among other schools. KINO is changing their name to KINO Films to be more easily understood as well. Harry opens the floor to questions. Caroline asks about rebranding costs. Alexis says the biggest thing they need to change is their table banner and that is basically it. They have met with Kristin to make a new logo. Harry opens the floor to discussion. Billy says it is a little sad that the name is being changed but he supports it if it will increase attendance. Tushara wonders if this has to be changed in the SA constitution. Harry says it will need to be changed by next year's e-board. Alexis says they are waiting to finish out the year to save on rebranding costs.

*First of Two Readings Passes 5-0-2 with Alexis and Gina abstaining.*

148-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE approve the changes to the Academic Affairs Committee Bylaws.

Tushara says she only included the page that she changed to save paper. They had a discussion with the reps because everyone wanted more time to accept readings and this is what they agreed on. There is no questions or discussion.

*First of Two Readings Passes 6-0-1 with Tushara abstaining.*

149-1415 BE IT RESOLVED THE SA EXECUTIVE COMMITTEE approve the changes to the Student Association Financial Policy and BE IT FURTHER RESOLVED, these changes, if approved, go into effect on June 1, 2015.

Billy said all of these changes can be seen in the handout. The first page just has some numbering changes. They eliminated the competitions and tournaments to make it easier on the second page. There is formatting changes that he will not talk about throughout the entire document. They changed "recognized by" to "registered with" the college in Guidelines and Financial Report. Clubs now have to be registered with the college for 15 weeks with the college before they can request funding so they have time to gain some momentum. Kate says they updated the purchase order section because they removed the "demand" clause but keep it at 5 days in case it is needed for approval but it never is. Harry points out that "mandatory fee paying students" needs to be changed to "fee paying students" in case the referendum doesn't pass and there is voluntary fees that are paid. They have changed the gift card policy to only include PO use to restaurants because restaurants do not like the no alcohol stickers. Section 5: budget hearings. All clubs are SA funded because this year clubs that aren't recognized were asking for a budget this year. Section 6: Late Knight was recently revised and the changes never made it into this policy. The Student Court should review any disputes involving stipends. It seems to Billy like this is a payroll issue because they cannot legally say yes or no to that, Kate says when this was put in, stipends were not considered payroll positions. Student Court can no longer make this decision so it would fall back on to CAS HR and does not need to be included in the policy. The next change is for the Stipend Review Committee. It is the same language as the budget appeals process. They will make preliminary decisions regarding stipends. They have added a clause that clubs cannot do any online fundraising, such as crowdfunding, because they cannot have money going into personal accounts. In any non-funded request, they have added a small non-funded drawing fund for non-funded organizations so they can have a taste of being funded and the fund contains \$600. Billy shares a new section that states a non-funded club can ask for a total of \$100 in two separate \$50 requests Buddy asks why we cannot combine conferences and tournaments in one line. He wants to know why they cannot have budgeted tournaments. It is done to limit the number of the tournaments. Clubs can only receive two conference requests per year. They have been enforcing it but it was not previously in the budget. They have changed the gas reimbursement from \$0.22 per mile to \$0.45 per mile. They have added \$16,000 in a gas reimbursements line in account 1002 so clubs can ask for it when their budgets deplete due to the increase. Section 17: Frozen Budgets. They removed the charge authorizations because it is no longer necessary. Kate will now send out an email to clubs that miss a meeting. Harry opens the floor to questions. Mock Trial asks about which officers would be sent the notification emails. There is talk of sending it to the president. Buddy says he is not sure if it belongs in the financial policy but maybe make it the clubs responsibility to ensure Kate has a president's email and make it so it is only used in this case. That way it falls back on the club. Kevin insists the president should be informed. Harry suggests Billy works this out with Kate and bring it back next week. Amelia asks what he means about gift certificates. Billy says it is just a restaurant thing. The purchase order will state "no alcohol allowed" and it cannot be used at a place where alcohol is sold. Buddy asks about the need of saying the penalty many times when there is a frozen budget that explicitly stated the penalty if any of the following are broken in a separate section. Kevin asks if he reviewed the contract portion. Billy says he hadn't received any feedback on that point and defers to discussion. Harry opens the floor to discussion and brings up a point on having stipend review annually or biannually. Paul urges to have it every year because it isn't fair to the changing people who do not have the chance to participate in the review. It is unfair to the positions that get cut or reduced to not have a chance to change the outcome. Buddy says he feels the incoming position should ask for the

stipend because it is based on need and people do different amounts of work. Mock Trial would like to see it every year. Tushara responds to Buddy and disagrees with his point because she says elections are not always at the same time for all of the clubs so it would be hard to moderate his plan. Kevin questions the change to section 7 because clubs have some trouble starting up because they do not have money to put on good programs. By doing this clause he thinks they are hurting their chances of becoming funded. Mock Trial says there are funds available to the clubs but they may not have a budget. Paul says he thinks there is a need for a waiting period, but thinks 15 weeks is too long. SEE Diversity says as a startup club, it is very hard to get up and going because they do not have the money to put on any programming. Billy says they have the ability to come in and ask for an "increase" through the non-funded avenue. Buddy says there are venues for those clubs and this would save SA from having so many new clubs coming in for funding right away when they have not figured out how to run themselves as a club. Paul polls the room to see who wants 15 weeks and who wants less. Kevin says being SA funded is invaluable because they have access to so many other clubs and resources. He feels it is good for students to have the opportunity to try and make it work. Kevin says he has a problem with having to put in unpaid speaker contracts 4 weeks in advance because they sometimes have opportunities to have awesome unpaid speakers on short notice. Kate says there is still a process that the contract has to go through so that is why there is 4 weeks. Harry says they have to have the contract signed by many people and they have to make sure all of the contracts agree and that all takes time. Harry says there is more flexibility with bringing in non-funded speakers so he wouldn't mind seeing a change in that and he always tries his best to be flexible with unpaid speaker contracts. Alexis supports Harry in being so flexible with unfunded speakers. She says this isn't a bad thing to have because 4 weeks to advertise is much better than one. Amelia says students can be flaky and be busy so she thinks it should be more like two weeks to get everyone included. Kevin says he isn't talking about ideal situations. The people they are talking to are not planning tours 6 months in advance. They plan one 2-3 weeks out instead of months. Buddy says the system in place is working fairly well but he doesn't want to assume that all presidents will be as helpful as Harry. Harry says thanks for this discussion but it is not actually in the financial policy. Billy says they will talk about it in their meeting this week and he will come back next week.

*First of Two Readings 5-0-2 with Billy and Tushara abstaining*

150-14 BE IT RESLOLVED THE SA EXECUTIE COMMITTEE approve the 2015-2016 Student Association Budget, with an allocation of \$1,057,190.40 from mandatory student activity fees, \$44,049.60 as income, for a total budget of \$1,328.868.40.

Billy says there is a 96% - 4% model for the money received from the student activity fees. The unallocated 4% will be in limbo in discretionary allocation funds to replenish budget expenses throughout the year. It acts as a cushion. Budget increase has increased significantly because they honored a lot of increases for clubs so there will be fewer readings. CSA programming and student caucus has gotten some more money, ACE now has a retreat in the budget, the gas mileage drawing fund, and the non-funded request fund has been created. A lot of clubs asked for decreases this year, so most clubs are happy. The two biggest changes were a \$10,000 increase and Limelight and Accents is receiving a significant increase. They had a 15 page budget that planned out all expenses explicitly so they shouldn't need any more increases. Harry opens the floor to questions. Patty asks if there could have been a typo in the income projection, and shouldn't it be \$271,678.00. They then sort it out. Harry opens the floor to discussion. Caroline says Kudos to the Budget Review Committee for having this so smooth this year. Buddy says it might be cool if in the future the student body gets more of a say in some of the allocations such as programming concerts and such. Mock Trial says it is intimidating to read such a large budget. Billy says it might be good for the DBA to ask clubs to talk over expectations as to what clubs want to see with budget allocations. Buddy says if we made the Research and Travel Grants allocation part of the budget it would make a larger portion of the budget that can be accounted for.
